Power Strips

Multicontactos

As the demand for electricity to feed our hi-tech appetite increases, more power outlets are required in each room of our homes and offices. Americanlite® offers an economical solution with our line of electronic grade power strips. It provides 3-prong grounded plugs and outlets, features include illuminated on/off switch with 15-amp circuit breaker.

Con el aumento en la demanda por electricidad para alimentar nuestros aparatos de alta tecnología, se requieren más entradas de electricidad en cada habitación de nuestras casas y oficinas. Americanlite® ofrece una solución económica con nuestra línea de barras multicontactos. Con clavija y contactos aterrizados, interruptor iluminado e interruptor de 15A.

Warranty

Americanlite® is pleased to provide a 1 year limited warranty covering the power strips in this catalogue. Americanlite® warrants that the power strips comply with Americanlite®'s published specifications and are free from defects in materials and workmanship.

All our power strips are manufactured with approved components. Americanlite® reserves the right to change or improve the design or components of any of its products due to parts availability or changes in standards, without assuming any obligation to modify any product previously manufactured and without notice. All power strips are tested and inspected before shipment.

This warranty is void if the product is operated outside of its normal operating conditions. The foregoing warranty does not apply to failures caused by acts of God or as a result of any abuse, misuse, abnormal use, or use in violation of any applicable standard, code or instructions for use in installations, including, but not limited to, those contained in the Standards for the International Electrotechnical Commission. Americanlite® reserves and has the right to examine failed fixtures to determine the cause of failure, excessive lumen depreciation and patterns of usage.
