We light your world™

SMART Shatterproof LED String Lites™

The Americanlite® Smart LED String Lites™ combine the beauty of vintage, Edison-Style Filament bulbs with the latest in Smart LED technology to bring you beautiful lighting where you want it. State-of-the-art LEDs save over 90% of energy over incandescent bulbs and last a longer lifespan.

Americanlite® Smart Shatterproof LED String Lites™ have been designed for outdoor use; guaranteed to last through any weather condition. Rain, wind, or snow, our string lights are built with durability in mind. Commercial grade heavy duty cord & easy-to-hang loops positioned over each bulb, can be easily installed, and arranged for mood-lighting. No need to worry about the hazard of broken lamps as they won't break if dropped.

Our Smart Led String Lites™ will transport you to a classic cafe ambience in seconds. Americanlite® led bulbs are bright and whitish enough without being blinding; the soft, warm light will add a welcoming glow to any location; our RGB system will allow you to set up to 50 different colors, creating any ambience you are up to. You can easily download Smart Life™ app from your device at the App Store & Google Play.

Americanlite® Smart Shatterproof Led String Lites™ are the perfect decoration for commercial and residential spaces, such as lighting on patios, balcony terrace, garden, bistro, pergola, gazebo, tent, barbecue, city roof, market, cafe, umbrella, dinner, wedding, birthday, party etc.

SOLAR Shatterproof LED String Lites™

The Americanlite® Solar Shatterproof LED String Lites™ combine the beauty of vintage, Edison-Style Filament bulbs with the latest in Solar and cutting-edge LED technology to bring you beautiful lighting where you want it. No power, all solar, 100% Energy Savings!

The built-in sensor in the solar panel recognizes when it's nighttime and switches the lights on for you, so you don't have to touch the strands at all for them to come on exactly when you need them. Our Solar Led String Lite™ will transport you to a classic cafe ambience in seconds.

Americanlite® Solar LED String Lites™ are guaranteed to last through any weather condition. Rain, wind, or snow, our string lights are built with durability in mind. Americanlite® LED bulbs are bright and whitish enough without being blinding; the soft, warm light will add a welcoming glow to any location.

Americanlite® Solar LED String Lites™ comes in 2 options: 7.6m / 25' or 14.6m / 48' long with 8 or 15 commercial grade impact & weather resistant, 1w bulbs, 30 lumens, 2200K soft white glow. Commercial grade heavy duty cord & easy-to-hang loops positioned over each bulb, can be easily installed, and arranged for mood-lighting. No need to worry about the hazard of broken lamps as they won't break if dropped (PC cover).

Americanlite® Solar Led String Lites™ are the perfect decoration for commercial and residential spaces, such as lighting on patios, balcony terrace, garden, bistro, pergola, gazebo, tent, barbecue, city roof, market, cafe, umbrella, dinner, wedding, birthday, party etc.

ETL Shatterproof LED String Lites™

The Americanlite® ETL Shatterproof LED String Lites combine the beauty of vintage, Edison-Style Filament bulbs with the latest in cutting-edge LED technology to bring you beautiful lighting where you want it. State-of-the-art LEDs save over 90% of energy over incandescent bulbs and last a longer lifespan.

Our Led String Lite™ will transport you to a classic cafe ambience in seconds. Americanlite® UL LED bulbs are bright and whitish enough without being blinding; the soft, warm light will add a welcoming glow to any location. Americanlite® ETL Shatterproof LED String Lites™ are guaranteed to last through any weather condition. Rain, wind, or snow, our string lights are built with durability in mind.

Americanlite® ETL LED string lights have been designed for outdoor use. A Set 10m / 33' long with 15 commercial grade impact & weather resistant UL bulbs, 2200K soft white glow, while only consuming 2w of electricity per bulb and 160 lumens, meaning your electricity bill will benefit from this energy saving lighting solution. Commercial grade heavy duty ETL listed SJTW 18 gauge / 2wire cord & easy-to-hang loops positioned over each bulb, can be easily installed, and arranged for mood-lighting. No need to worry about the hazard of broken lamps as they won't break if dropped (PC cover). For ETL Standard & current protection, we have added a 5A fuse. You can link up to 150 mts (330'), for a total of 15 strings using one electrical outlet.

Americanlite® ETL Shatterproof Led String Lites™ are the perfect decoration for commercial and residential spaces, such as lighting on patios, balcony terrace, garden, bistro, pergola, gazebo, tent, barbecue, city roof, market, cafe, umbrella, dinner, wedding, birthday, party etc.

Dimensions (cm/m)

Ordering Information

String	UL Bulb (spare part / replacement)
AL672101	AL571899 16 pcs per box

Notes

String: Cable ETL listed SJTW 18 gauge / 2wire, USA 2P plug, 1x 5A fuse.
 Bulb: UL LED filament 2w 160 lumens per bulb, 100-130V, 2200K, S14, PC cover, E26, 44x85mm+/-1mm. UL E471372 / / damp location. Each set comes with a spare LED bulb and 5A fuse.

Make sure the bulb is tightened before hanging the string lights and then try to connect the power for a light-up test. If the whole string or individual bulbs do not light up, please try to rotate the bulbs 1-2 extra turns. (We design the connection of the light head and socket needs to be very tight for better waterproof)

Caution:

Do not wire another appliance on string light, it is for string light wiring only.
 Only connect string lights, cable not intended for other appliances.
 Do not connect more than 15 sets together in one line / one power outlet.
 Recommended use per day, max 10 hours

Warranty

Americanlite® is pleased to provide up to a 1 or 2 year limited warranty covering the LED fixtures on this catalogue. Americanlite® warrants that the LED fixtures comply with Americanlite®'s published specifications and are free from defects in materials and workmanship.

All our equipment is CE, ETL or UL approved and manufactured with approved components. Americanlite® reserves the right to change or improve the design or components of any of its products due to parts availability or changes in standards, without assuming any obligation to modify any product previously manufactured and without notice. All equipment is tested and inspected before shipment.

This warranty is void if the product is operated outside of its normal operating conditions. The foregoing warranty does not apply to failures caused by acts of God or as a result of any abuse, misuse, abnormal use, or use in violation of any applicable standard, code or instructions for use in installations, including, but not limited to, those contained in the Standards for the International Electrotechnical Commission. Americanlite® reserves and has the right to examine failed fixtures to determine the cause of failure, excessive lumen depreciation and patterns of usage.
